Title: Forward Error Correction Scheme for Data Channels Using Universal Turbo Codes	

REQUEST FOR CORRECTION OF DEPOSIT ACCOUNT CHARGES

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants filed a Preliminary Amendment in the above-identified patent application on 12/12/2003. In the Amendment Transmittal Letter filed with that Preliminary Amendment, Applicants inadvertently miscounted the claims, specifying 35 total claims (15 additional) and 4 independent claims (1 additional). Accordingly, Applicants' deposit account was charged \$270.00 for the 15 additional claims, and \$86.00 for the 1 additional independent claim. In actuality, the Preliminary Amendment resulted a total of 37 claims (17 additional) and 6 independent claims (3 additional). The Applicants were thus charged a lower amount than required (2 fewer additional total claims and 2 fewer additional independent claims).

To rectify this error, Applicants hereby request that the U.S. Patent Office charge their deposit account for the 2 additional total claims (\$36.00) and the 2 additional independent claims (\$172.00) that were not charged for at the time the 12/12/2003 Preliminary Amendment was filed. Accordingly, Applicants hereby authorize the Commissioner for Patents and Trademarks to charge their deposit account (Account No. 50-0383) in the amount of \$208.00. The Commissioner is hereby further authorized to charge Deposit Account No. 50-0383 for any other payment deemed necessary in connection with this communication.

Respectfully Submitted,

Craig Plastrik
